Recreate the authentic look of a wood burning hearth in a gas fireplace. Or invent a look that is uniquely your own. Town & Country's TC 36 & TC36 Arch gas fireplaces give you Design-A-Fire versatility behind the glass.

For a historic look, consider the TC36 Arch, a classic barrel arch face, replicating the Rumford-style hearth found in fine period homes. This true Arch fireplace has no heavy external trim or louvers to work around. This allows you to tailor the arched front with stone, tile, or other material for an even more traditional look.
